5 PayCube Mini
Things To Note

Settlement & Payout

Daily auto-settlement cut-off is at 23:59:59.

Refunds & Void

QR Payments
- Refund function is not available.

Card Payments
- To reverse a card transaction **before settlement**, use the **void** function.
- After settlement, refunds can be processed manually via one of the following methods:
    a. Log in to **Merchant Portal***
    b. Issue the refund via cash, bank transfer, or PayNow

*Only full refunds are allowed, partial refunds are not available. Refund charges apply.

Visa/Mastercard Payments

Only applicable to merchants who sign up:
- Visa/Mastercard payment options will be automatically enabled on your device.
- To activate, restart your device by turning it off and on again.

AXS Merchant Portal

To view all your transactions, scan the QR code or click **here** to log in to your Merchant Portal account.

Do not clean with alcohol or other corrosive liquid.

Keep away from extreme temperatures, water and fire.
